

MY 5 BEST TRAVEL TIPS: SAVE MONEY, AVOID MISTAKES & TRAVEL LIKE A PRO

Do your research

Before you book your tickets, make sure to do your research. Read travel blogs, talk to friends who have been there, and look at forums for advice.

Find the best deals

Once you know where you want to go, start looking for the best deals on flights and accommodation. There are a lot of websites and apps that can help you find the cheapest options.

Travel during off-peak times

If possible, try to travel during off-peak times. This means avoiding holidays and weekends, when prices are usually higher. You'll also find that there are fewer crowds and more availability at attractions.

Stay in budget accommodation

There's no need to stay in a 5-star hotel when you're only going to be in your room to sleep. Look for budget-friendly options like hostels, Airbnbs, or guesthouses.

Eat like a local

One of the best ways to save money and get an authentic experience is to eat like a local. Avoid tourist traps and instead find hole-in-the-wall restaurants that serve up delicious food at a fraction of the price.
